Prekindergarten/Preschool	<i>Mrs. Carol Sweat & (Para- Mrs. Karen Shafer)</i>
Primary TEAM Grades K & 1	
<p><i>Our primary team will meet the needs of every student through individualized learning. Our teachers will teach select subjects that meet the needs of our students. Students will move comfortably between Mrs. Allaire and Ms. Lebeau's classrooms in order to receive instruction based on their instructional needs. The primary team will provide intervention at the classroom instructional level (Tier I). Students will enjoy year-long Book Buddies with an upper school grade and have Innovation Lab time every month with creative projects in collaboration through science, technology, engineering, arts, and mathematics (STEAM) activities. This primary team will work together in planning, presentation, and purpose to enrich the instruction of our students.</i></p>	
Kindergarten Homeroom	<i>Mrs. Jessica Allaire</i>
1 st Grade Homeroom	<i>Ms. Carolyn Lebeau</i>
Intermediate TEAM Grades 2nd & 3rd	
<p><i>Our intermediate team is designing a plan to meet the needs of all students where they are academically and socially. Mrs. Apley and Ms. Sullivan will coordinate classroom management and learning formats together to provide individualized learning for each student. Our teachers will teach select subjects across the two grade levels, and students will move comfortably between Mrs. Apley and Ms. Sullivan's classrooms in order to receive instruction based on their instructional and social needs. Students will enjoy year-long Book Buddies with another class and have Innovation Lab time every month with creative projects in collaboration through science, technology, engineering, arts, and mathematics (STEAM) activities. This intermediate team is excited to work together in planning a dynamic year for our 2nd and 3rd grade students.</i></p>	
2 nd Grade Homeroom	<i>Mrs. Svetlana Apley</i>
3 rd Grade Homeroom	<i>Ms. Susan Sullivan</i>
Upper TEAM Grades 4th, 5th & 6th	
<p><i>Our upper school team is getting ready to meet our students next year with a schedule that meets the needs of every student. The educator team will coordinate classes for students that provides them the appropriate challenge level for them academically and socially. Across these three grade levels, students will be able to move through each teacher in receiving their core academic subjects. The team is student-centered and focusing efforts on providing individualized learning for our students. Our teachers will teach select subjects across the three grade levels, and students will move comfortably between Mrs. Bakken, Ms. Cote, and Mrs. Coutu's classrooms. Students will enjoy year-long Book Buddies with younger grade classrooms. Upper grade students will be located in the upper school wing of the school, and have their own Innovation Lab time. This Innovation Lab will provide opportunities for project-based learning activities for students to collaborate, create, discover, design, engineer, and build through creative tasks and assignments. Grades 4, 5 & 6 will have choices that go beyond their own grade level. This upper school team is excited to provide a program, where students are engaged in their work, exploring new ideas, and understanding concepts that provide a wonderful foundation for middle school and beyond.</i></p>
